

# Dream Home

# QUIETWALK

Premium Underlayment

ENHANCED PERFORMANCE FOR  
**PAD ATTACHED FLOORING**

Water Protection

Compression Resistant

Sound Reduction

Insulating Value

Environmentally Friendly

Anti-Microbial Treated Fibers

Perfect For Pad Attached Flooring

Protect your beautiful floors,  
**USE UNDERLAMENT.**

If I have pad attached flooring do I still need to use underlayment?

**Yes.**

Pad attached flooring is a great start, but total protection and insulation can only be achieved with the uninterrupted coverage of QuietWalk underlayment!

QuietWalk Works best with:  
· Laminate Flooring  
· Floating Engineered Wood

**MAKE YOUR FLOORS  
READY FOR LIFE!**

PROUDLY  
Made in the U.S.A.

# QUIETWALK

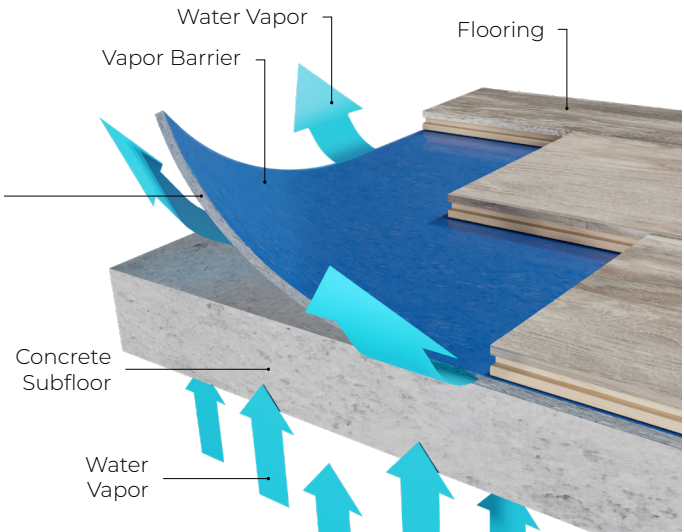

Premium Underlayment

# Features & Specifications

## UNMATCHED TOP & BOTTOM SIDE WATER PROTECTION

**Recycled Fiber Pad**  
QuietWalk's **antimicrobial treated** fiber structure aggressively attacks subfloor moisture by wicking & dispersing it throughout the pad, drawing it up and away

## SUPERIOR SOUND ABSORPTION

QuietWalk's dense, patented fiber construction absorbs and controls both impact and ambient sound to create a comfortable living space for everyone!

**(STC) 66**  
8" concrete with ceiling assembly

**AMBIENT SOUND**  
The higher the STC number, the better the noise control!

**(IIC) 71**  
IIC Δ Delta: 24  
8" concrete with ceiling assembly

**IMPACT SOUND**  
The higher the IIC number, the better the noise control!

### SMOOTHS MINOR SUB-FLOOR IMPERFECTIONS

QuietWalk's dense fibers evenly support the floor above while flexing around sub-floor surface roughness below, reducing the risk of laminate panels "rocking" or laying unevenly and **provides extra support for pad attached planks.**

### APPROVED FOR USE WITH INFLOOR HEATING SYSTEMS

### ECO FRIENDLY

QuietWalk contains 94% post industrial/pre-consumer fibers. QuietWalk may satisfy LEED™ and may contribute to MRC4.1-4.2 and EQc4.3 (Low-Emitting Materials).

QuietWalk is both GREENGUARD and GREENGUARD GOLD certified for low emissions, conforming to Indoor Air Quality standards and Collaborative for High Performance Schools (CHPS) - CA Section 01350.

### ADDS INSULATION VALUE

QuietWalk helps with home energy efficiency by adding an **R-Value of .58** to the floor system.

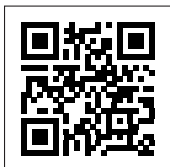

### ECONOMIC ALTERNATIVE TO RUBBER & CORK

This premium underlayment is a cost effective, quality, upgrade from 2 in 1 polyethylene or polystyrene products while being less expensive than most foam, cork or rubber underlayments with similar sound numbers.

### TECHNICAL DATA

- **Materials:** Blended synthetic fibers, polyethylene film and inert hot melt adhesive
- **Lip & Tape Included:** Yes
- **Antimicrobial Protection:** Yes
- **Weight:** 12lbs/roll · 17.28oz/yd<sup>2</sup> · 1.92oz/ft<sup>2</sup>
- **Thickness:** 0.125"
- **Density:** 11.52lbs/ft<sup>3</sup>
- **Compression Set @ 25%:** 18.8%
- **Compression Resistance @ 50%:** 85.5psi
- **R-Value (@ 0.125"):** 0.58hr-ft<sup>2</sup>-degF/Btu
- **WVTR:** 0.16lbs/1000ft<sup>2</sup>/24hrs
- **Moisture Emissions Allowance:** 5lbs/1000ft<sup>2</sup>/24hrs
- **Approved Subfloors:** All properly prepared concrete and wood materials
